Each group and lineage as a share of all eukaryote reads (sites north to south)

MC p68 p56 BB SC

Diatom

Cryptophyte

Haptophyte

Marine green

Marine stramenopile

Marine other

Dinoflagellate

Non-marine algae

log10 share of all eukaryote reads

Each group and lineage as a share of all eukaryote reads (sites north to south)

MC p68 p56 BB SC

Diatom: Chaetoceros

Diatom: other

Haptophyte: Phaeocystis

Haptophyte: other

Marine green: Micromonas

Marine green: Pyramimonas

Marine green: other

stramenopile: Pedinellales_X

log10 share of all eukaryote reads

Each group and lineage as a share of all eukaryote reads (sites north to south)

MC p68 p56 BB SC

Marine stramenopile: other

ne other: Chlorarachnida_XX

Marine other: Minorisa

Dinoflagellate: Islandinium

Dinoflagellate: Polarella

Dinoflagellate: other

arine algae: Chlamydomonas

-marine algae: Chloromonas

log10 share of all eukaryote reads

Each group and lineage as a share of all eukaryote reads (sites north to south)
